

BINOY HALDER

Artificial Intelligence & Machine Learning | Computer Science

+91 9547664175 | haldarbinoy257@gmail.com

LinkedIn | GitHub | LeetCode | Portfolio | Greater Noida, India

SUMMARY

Computer Science student specializing in Artificial Intelligence and Machine Learning with hands-on experience in Python, machine learning, backend development, and SQL databases. Skilled in data preprocessing, supervised learning, model development, Flask, authentication, CRUD operations, database management, data visualization, and problem-solving. Experienced in developing practical AI and full-stack applications through academic projects and internship experience, with strong communication, teamwork, collaboration, and software development fundamentals.

EDUCATION

Galgotias University

Greater Noida, Uttar Pradesh, India

B.Tech in Computer Science and Engineering – Artificial Intelligence & Machine Learning

Expected July 2028

CGPA: 7.55/10.0

Uluberia Government Polytechnic

Uluberia, West Bengal, India

Diploma in Computer Science and Technology

Completed

CGPA: 7.2/10.0

TECHNICAL SKILLS

Programming Languages: Python, Java, C, JavaScript, SQL

Machine Learning & Data Science: Supervised Learning, Deep Learning, CNN, Machine Learning Pipelines, Data Preprocessing, Feature Engineering, Model Evaluation, Data Visualization

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn, Flask

Databases: MySQL, SQLite

Backend Development: Authentication, CRUD Operations, HTTP Request Handling, Database Integration, Backend Development

Computer Science: Data Structures and Algorithms, Object-Oriented Programming, Database Management

Tools & Platforms: Git, GitHub, Google Colab, VS Code, PyCharm, IntelliJ IDEA, Figma

Professional Skills: Problem-Solving, Communication, Teamwork, Collaboration, Analytical Thinking

PROJECTS

Online Job Portal

December 2025 – January 2026

Python, Flask, SQLite, HTML, CSS, JavaScript

- Developed a full-stack job portal supporting **job seekers and recruiters**, enabling job search, applications, job postings, and recruitment workflows.
- Implemented a **Flask backend** for user authentication, job postings, applications, recruiter operations, HTTP request handling, and database integration using SQLite.
- Built a responsive frontend and implemented **CRUD operations** for users, jobs, and applications, demonstrating backend development, SQL database management, and end-to-end application integration.

INTERNSHIP

Codec Technologies Pvt. Ltd. (AICTE Approved)

India

Artificial Intelligence Intern

8 Weeks

- Completed an **8-week internship** focused on Artificial Intelligence, machine learning fundamentals, and practical AI applications.
- Applied **Python** for data preprocessing, data analysis, data visualization, and implementation of machine learning workflows.
- Worked with **supervised learning, feature preparation, model development, and machine learning implementation** in practical AI workflows.

CERTIFICATIONS

DSA using C – GUVI & HCL

December 2025

Verify

Java Collections – GUVI & HCL

December 2025

Verify

ACHIEVEMENTS

- Maintained a **CGPA of 7.55/10.0** at Galgotias University while pursuing B.Tech in Computer Science and Engineering with a specialization in Artificial Intelligence and Machine Learning.
